living to love like Christ

## the Next Chapter

“The Lord watch between me and thee,  
while we are absent one from another.”  
Genesis 31:49

### Rashid & Rosalet “RJ”, Bella (& baby) Tenga

RJ reflects that they have enjoyed their time at TO. They have made so many great friends and love being active within the TO church body. RJ also loves the fact that she has been within driving distance to her brother and parents who live in the Loma Linda and Riverside areas. When the opportunity was presented to move to Florida, it was a difficult decision, however the concept of a “project-based learning” educational system was intriguing. North Tampa Christian Academy is a brand new school that is still in the building stage. The \$26 million campus project is being funded by Advent Health and in the short amount of time running, is already 200+ students strong and growing with students from age 2 all the way through the twelfth grade. Their own daughter, Bella, will be able to attend this unique new educational experience this year, beginning from the 2nd grade. RJ will be developing the high school’s new STEM program—Science, Technology, Engineering and Math. After running the program for the high school level, she will then collaborate to establish an early foundational STEM model in the lower grades. As Rashid and RJ are expecting a new son in late July / early August, they have a short time frame to move and prepare before RJ must begin teaching. Rashid will be working from home in the medical coding and billing field so that he can care for the new baby. They have found a home, but realize that they will now be away from family and friends. RJ is hopeful in hearing of some possible friendly connections made through Mrs. Kay Meager. The Tengas will greatly miss their TO church family. Today is their last Sabbath at TO due to next week’s graduation and their pending move.

### Wid & Anna Hendargo

Having lived in their Thousand Oaks home for 28 years, Wid & Anna faced a tough decision as they have been separated from each of their two grown sons and their respective families for so many years. Their oldest son, is married with two daughters and lives on the West Coast in Washington; the younger son lives in North Carolina, is also

*(continued....)*

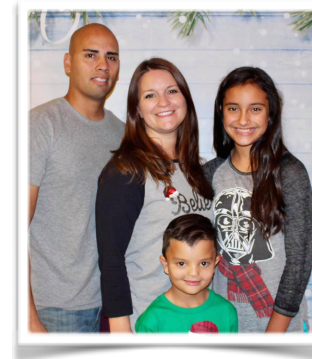

### Wid & Anna Hendargo *(continued...)*

married and has just become a father to a baby girl in March of this year. Being retired, both Wid & Anna realized that they wanted to be closer to family. Anna says that what she will miss most from California is her church family, but she is also looking forward to being able to have at least one of her sons nearby after so many years of having both sons at such a distance. She considers each of her two sons’ respective wives as her own daughters. She and Wid are anxious to share in the joy of being able to be available and present to care for their newest granddaughter. Their last Sabbath at TO will be next Sabbath, June 8th.

### Chris & Stephanie, Nylaya and Isaiah Perez

It was many years ago that Chris Perez worked as a teacher in Texas, but it was enough for a lasting impression to be left with his coworker, who eventually became the principal of Valley View Adventist Academy in Arroyo Grande, CA. As the principal was stepping down from his position, there was one person who the Lord brought to mind who could fulfill the unique needs of the role as principal, physical education director and Bible teacher—Chris Perez. As this position has opened up for Chris with Valley View Adventist Academy, the Perez family has seen God open

doors in miraculous ways as a preschool teaching position also opened up for Stephanie at the same school. The family has many mixed emotions in answering this new call—they know they will miss their Conejo family that they have grown very attached to. However, the move will allow them to be within a closer proximity to Stephanie’s parents who live in Modesto approximately three hours away. Presently, the Perez’s are moving out in faith as they have not found a place to live—their original plan for a house having fallen through. They are grateful for prayers for their housing needs and realize that a Faithful Father continues to unfold their unique testimony before them. Due to the uncertainty of the housing situation, Stephanie projects that their last Sabbath at TO will most likely be at the end of June.
